

About Progressing Together

Entrusting what we have received to faithful people who will be able to teach others also

A multi-level Biblical training program designed for peoples of North Africa, the Middle East and the Arabian Peninsula without historical churches. We are:

- ❖ **Progressing** in maturity in Christ
- ❖ **Together** as we build each other up in unity
- ❖ **On-site**, decentralized, accessible and practical
- ❖ **On-going**, easily reproducible and multi-level
- ❖ **Interdenominational**, proclaiming the riches of our wide Christian heritage

Progressing Together offers:

- ❖ Courses of study available in Arabic, Kabyle, French and English for both literary and oral learners
- ❖ Training and mentorship for teachers and administrators

About Level 1 - Orality Version

The **Progressing Together - Orality version** is a discipleship program for new believers that has been designed specifically for those who favor oral communication and would rather learn in a group setting than individually. This includes learners who have a high level of education but who prefer an oral learning style; those who have had limited schooling and may experience difficulties when following a written course; or simply those who never learned to read. This program is particularly appropriate for groups of mixed educational levels.

The program covers seventy major topics of discipleship. A variety of methods are used to help the new believers understand, retain and apply the biblical truths they are learning: drama, miming, drawing, songs, various memorization tools, prayer, discussion times, practical applications, audio-visual resources, etc. Training seminars are being organized to equip facilitators so they can teach the course effectively.
