About Level 1

Progressing Together Level 1 is a discipleship program for new believers to enable them to walk with the Lord, feed themselves on the Word of God and integrate into fellowship with other believers. It offers 11 course topics each with 5 key discipleship studies for a total of 55 lessons. Students prepare each lesson as they study Bible passages individually and then share their discoveries with others under the guidance of a group leader. As students progress they grow in spiritual discernment, in stability of walk, and in ability to disciple others.

A variety of study options are available. Study groups could meet weekly, once every other week, or intensively—completing a full course of 5 lessons in a weekend or one each evening for a week. Individual learning options include face-to-face study, distance corresponding and Internet tutoring.
